

EP-550™ Inversion Table

Achieve a *better back, better body*™ with Teeter Hang Ups®. The industry leader since 1981, Teeter Hang Ups has focused solely on producing the best value inversion equipment with time-proven design features that ensure dependability and user security. In just a few minutes a day, you can experience a wide range of benefits, including temporary relief of back pain, improved posture through better alignment, stimulated circulation and reduced stress. When you want a natural, in-home solution for a healthier back, try inversion – if you value quality, look to Teeter Hang Ups.

Innovative Design: Engineers specifically designed the EP-550 to follow the natural curves of the back for a more comfortable and effective inversion experience. New “Flex Technology” allows the table bed to move with you while performing stretches and exercises with ease and precision.

Medical-grade Standards: Backed by independent certification to the strictest standards available, Teeter Hang Ups EP-series inversion tables are Classified as UL 60601-1, Medical Electrical Equipment, part I; General Requirements for Safety in accordance with Underwriters Laboratories, Inc.

Warranty and Guarantees: Teeter Hang Ups five-year warranty exceeds industry standards and is one of the few inversion tables with a 30-day money back guarantee, which allows you to personally evaluate the quality and effectiveness of the unit.

Specialized Features: Most inversion tables imitate the look of Teeter, but can’t come close to matching the quality. Components most often sacrificed in the attempt to lower price are those that are in place to ensure long-term enjoyment and user protection. The Teeter Hangs Ups EP-550 offers more upgrades in quality and aesthetic than any other brand. Specialized features include:

- **Flex Technology:** The injection-molded bed design features “Flex Technology,” allowing the back rest to bend and accommodate your stretches for greater mobility and range of motion
- **Corner feet** increase the A-frame base by 20%, reduce sliding on hard surfaces, and protect floors
- **EZ Angle™ Tether Strap:** a unique feature that allows pre-set angles at 20, 40 or 60 degrees; provides an easy guide to where the benefits of inversion begin and are fully realized
- **Adjustable head pillow:** Attach for added comfort while inverting
- **Adjustable Foot Platform:** With two settings, allows users to easily find the best height for optimum ankle comfort and security

- **Optional accessories:** Teeter Hang Ups offers the *only* inversion tables on the market that can be modified with accessories:
 - Massage Mat with Far Infrared Neck Pillow – 10 vibrating motors and two Far Infrared heater help increase circulation and relax muscles for a more complete inversion experience
 - Gravity Boots - provide maximum comfort and support for the ankles. Order the Adapter Kit, which comes complete with Gravity Boots and CV Bar for converting the inversion table
 - EZ Stretch™ Traction Handles – provide added benefit for inverted stretching and decompression, as well as an effective tool for oscillation
- **Full inversion option:** compared with competing brands, engineering tests have shown that Teeter inversion tables are the most precisely balanced to allow controlled lockout in full inversion
- **Value-added materials:** Laminated Owner’s Manual comes attached to the unit; Instructional DVD includes five exercise and stretching Healthy Back Classes by Dr. Shawn
- **Heat treated steel** for added strength in key structural components
- **Auto-locking hinges** to secure the bed frame from disconnecting from the base for portability and security when during stretching or exercise
- **Specialized pivot bearings** for a lifetime of squeak-free rotation
- **Adjustable roller hinges with cam locks** offers added stability and choice of three rates of rotation
- **De-rattler knob** reduces shifting for smooth, quiet rotation – the only style on the market to structurally engage the main shaft
- **Injection-coated rubber hand grips** for added durability
- **Triple-plated chrome main shaft:** embossed height markers in both in. and cm. allow easy adjustment for users from 4’8” to 6’6” (142 to 198 cm)
- **High quality finishes:** scratch-resistant powder coating and triple-plated chrome
- **Curved front ankle clamps** for greater comfort and security
- **Easily folds for storage** to 28" x 16" x 66" (71 x 41 x 168 cm)
- **U.S. and foreign patents apply. Other foreign patents pending.**

SPECS

- **Height capacity:** 4’8” - 6’6” (142 – 198 cm)
- **Weight capacity:** 300 lbs (136 kgs)
- **Assembled dimensions:** 48" x 27" x 61" (114 x 71 x 147 cm)
- **Packaged dimensions:** 50" x 30 x 7" (127 x 70 x 18 cm)
- **Packaged weight:** 74 lbs (33.6 kgs)
- **U.S. and foreign patents apply. Other foreign patents pending.**
